

OUTPATIENT REHABILITATION 2025 OUTCOMES

The Annual Report

Mount Sinai Medical Center's Outpatient Rehabilitation Department is proud to showcase the official 2025 Annual Report Card. Please take a moment to review this information and share with others.

Patient Experience

The overall experience and satisfaction of our patients, families, physicians, and payers remain our top priority. This year, we have once again achieved outstanding results across multiple surveys and sources.

Visits:

Average Number of Orthopedic Visits:

Average Number of Neurologic-related Visits:

Overall Performance:

Orthopedic Functional Progress:

(higher number indicates better performance)

Neurologic Functional Progress:

(higher number indicates better performance)

Performance By Specialty:

We offer a broad range of specialties, consistently achieving superior functional performance in each category when compared to similar programs in South Florida.

Overall Patient Experience:

Mount Sinai Medical Center received a 100% overall satisfaction rating. Patients that complete Mount Sinai's program achieve a higher level of function in a fewer number of visits.
